Summit Lodge Held 21st Birthday Party

Visitors From Other Lodges in
Crows Nest Pass and Cowley
Join in Festal Occasion

The 21st anniversary of the in-
stitution of Summit Lodge A. F. &
A. M. was appropriately observed
last Thursday evening by a record
gathering of members of the
"Craft" in the lodge room, visiting
members being present from
Cowley, Blairmore, Hillcrest and
Bellevue, besides which a number
of local Masons not affiliated with
the local lodge were present as
guests of the host lodge.

Following the ceremonial work
of the evening, tables were arranged
and under the supervision of the
chef of the Coleman hotel and his
staff, a fine turkey supper was
served. This was followed by a
lengthy toast list, opening with
"The King." The toast to the
Grand Lodge of Alberta was pro-
posed by Rt. Wor. Bro. George
Pattinson; responded to by Rt.
Wor. Bro. G. Cruikshank, who re-
viewed the history of the Masonic
order since the provincial grand
lodge was formed, giving striking
figures to denote the progress of the
past 23 years. He complimented
Summit Lodge on attaining its
majority, and stated that having
been initiated in Hillcrest Lodge,
he felt very much at home in visiting
Summit Lodge, and in fact any of
the lodges in the Pass.

Appropriate reference was made
to the late grand secretary, Rt.
Wor. Bro. S. Y. Taylor, whose
sudden death a few weeks ago had
left a void which it would be dif-
ficult to fill.

Rt. Wor. Bro. A. M. Morrison,
district deputy grand master, gave
a concise and interesting historical
review of Summit Lodge since its
inception, which showed that the
first meeting was held in the office
of the International Coal & Coke
Co. Ltd., and the first master was
the resident doctor here. Of the
charter members there remained
Wor. Bro. Alex. Cameron, Wor.
Bro. Wes. Johnson, and himself.

The concluding address of the
evening was given by Rt. Wor. Bro.
Chappell of Rocky Mountain Lodge,
who in humorous vein gave a
lengthy review of the proceedings
of a mythical lodge, the pass to
which was "Roast Beef and Mustard."

Violin selections were given by
Bro. J. Crawford, and Bro. Mc-
Millan of Cowley surprised the
gathering by giving Highland
dance with the agility of a man
many years younger.

A very pleasant and harmonious
gathering was concluded at 2 a.m.
by the "Junior Warden's Toast"
proposed by Bro. R. F. Barnes.

The duties of chairman were very
capably filled by the worshipful
master of Summit Lodge, T. Flynn.

Death of John Van Maarion Tuesday

Came From Holland to Canada 18
Years Ago Funeral Service
on Friday

On Tuesday afternoon there passed
away John Van Maarion, of
West Coleman, of 72 years.
His death follows that of his
wife, which occurred in January,
and came as quite a surprise to
many in town.

The deceased was born in Holland,
coming to Canada eighteen years
ago, and prior to coming to
Coleman farmed at Seven Persons,
Alta.

The funeral service will take
place at Ferguson's Funeral home
on Friday afternoon at 2 o'clock,
Rev. H. J. Bevan officiating. Inter-
ment will be in the Union Cemetery.

Children surviving are John, of
Coleman, with whom he resided;
Mrs. Anderson of Hespeler, Alta.;
Mrs. George Peterson of Jone,
Washington; Mrs. A. Carlson of
Seven Persons; two sons, Leonard
and Carl, of Seven Persons, and a
son, Pete of Olds, and Eliza of
Royal Park, Alta.

Coleman Golf Club Re- Organization Meeting

Canvas Will be Made to Secure
Members to Boost
Local Club

At the annual meeting of the
Coleman Golf Club held last Wed-
nesday it was decided to carry on
this season provided there was a
large enough membership to war-
rant it. A membership committee
was appointed to make a canvass
and call another meeting of the
club later to make a final decision.

The following members were
elected for the session:

President, George Kellock; vice-
president, R. Gillis; secretary-treas-
urer, D. E. MacLean; captain, R.
F. Barnes; greens, W. H. Gorner,
Adam Walker; entertainment, O.
E. S. Whiteside; membership, A.
M. Morrison, W. L. Rippon.

The fees for the year were set at
\$10 for men, three dollars for ladies
and youths under eighteen.

Mooseheart Legion Held Memorial Service

The W. O. M. Legion, Coleman
Chapter No. 919, held their mem-
orial service in the Moose Hall
on Sunday, April 22. Past Regent
Mrs. Gate, who occupied the past
senior regent's chair during her ab-
sence, officiated at the flower ar-
rangement, after which the Rev. A. D.
Currie addressed the lodge.

Afterwards the Legionaires went
to the cemetery and placed a wreath
on Bro. Morris' grave as a token of
remembrance.

Policy Committee of Union Meets To Day

Will Discuss Action to be Taken
Regarding Recognition of Can-
adian Mine Workers
Union

Although officials of the Mine
Workers Union of Canada in Dis-
trict No. 1, which covers Alberta
and north eastern British Columbia,
state that no decision will be reached
regarding a strike if operators
do not officially recognize the
organization, until the policy com-
mittee meets in Calgary on April
26, they admit that in the face of
the result in the recent vote a rup-
ture was inevitable if a satisfactory
agreement was not made with the
operators in the meantime.

It was pointed out by the officials
of the Union here that the vote in
favor of striking in lieu of recogni-
tion carried by almost four to one,
the actual vote being 2,465 for and
708 against.

If a strike ensues it is stated that
it will be the steam coal mines that
will be affected most as the Union,
it is said, has a larger membership
in those fields than in the domestic
coal areas, although it is claimed
they have quite a fair swing in
the domestic coal fields.

The president of the union, Frank
Whitworth, is at the present time

BULGARIA IS DEVASTATED BY SECOND 'QUAKE

Sofia, Bulgaria.—A population numbed with despair and fear was pictured in reports from the Philippopolis district visited by the second shattering earthquake in a week. Almost 100,000 people are sheltered. And the dead have not been counted.

Their homes are in ruins, their possessions gone, their highways broken. Bridges have been destroyed and railway tracks twisted on rights-of-way that have sunk six feet in spots.

The changing face of nature shows whole hills moved and their contours altered. In places underground reservoirs have broken through and are routing water and sand like miniature geysers.

The dead are uncounted because of the interruptions to communications and the disorganization of local government. In Philippopolis there are more than 20,000 dead and 60,000 more than 100 injured, said the Red Cross. In five villages near that city 27 persons were killed and scores injured. Sadovo, seat of a school of agriculture and model farms, was destroyed.

People throughout the stricken districts are in a state of dolorous desolation. Many have gone insane. Government and charitable agencies are trying to bring order out of the chaos, and King Boris is on the field in person. He has as his immediate assistants, Premier Limpachoff and M. Vassiloff, minister of public works.

Luck of the Irish

Major Fitzmaurice is Surprised At World-Wide Interest Shown In Flight

New York, N.Y.—The amazement of Major James Fitzmaurice when told that the world had been following the transatlantic flight of the monoplane Brenn was reflected by Lt. Robert E. Fogg, air mail pilot, who with a photographer had greeted Fitzmaurice at Seven Islands, Que. Fogg said he congratulated Fitzmaurice and then told him that it was hard to realize they were seeing him.

Fogg explained that the world had thought the fliers had run out of gasoline and were lost.

"The whole world!" he seemed surprised that there was world-wide interest in the fliers. He grimmed when informed he had the "luck of the Irish."

"Duke" Schiller, the Toronto airman, who had brought Fitzmaurice to Seven Islands, recognized Tom Hogan, the photographer, and grabbing him carried him to Fitzmaurice. "Fitz," he said, "meet the first Irishman in America to greet you. His name is Hogan."

"Glory be, an Irishman!" said Fitzmaurice. "It is the first time people have said to us, it is good to meet one of our own countrymen. In the old country, I didn't know an Irishman would allow himself to get this cold to meet the ghost of Brian Boru!"

U.S. Duty On Seed Wheat

Sentiment Growing in U.S. For Reduction Or Abolition of Duty

Washington, D.C.—Abolition or reduction of customs duties on seed wheat entering the United States is one of the possible results of the tangled situation in this country produced by a deadlock over farm relief legislation.

Sentiment in favor of making Canadian seed wheat available at the lowest price to the American farmer has been growing in recent years and it is known that a number of western members of Congress would support the proposal if it could ever be brought to the floor of Congress.

Department of agriculture officials admit there has been an increase lately in pressure from the main wheat growing centers for consideration of the tariff on seed grain.

With the administration preparing to veto the farm relief bill for the second time, the growing hostility among western farmers to consequences, there is a possibility that the president may exercise his power to amend the tariff under certain conditions of which this would be one. One congressman expressed the opinion that the United States farmers would gain in the long run if they sacrificed some of their seed grain markets at home and gained a reputation in the world market which Canadian grain enjoys.

Auto Gasoline Tax In Saskatchewan

Only Car Drivers To Pay Levy Of Three Cents Per Gallon

Regina.—Only gasoline used for automobile traffic will be liable to the three-cent tax to be imposed May 1, by legislation that becomes effective May 1.

The purchaser will pay the tax on all gasoline at time of purchase and will be given a refund of the gallon used otherwise than that for automobile, provided the amount named in the application for the refund is not more than \$3.

Every purchaser will be given the tax at the time of sale and deliver a stamp thereon. These stamps shall be purchasable from the Department. Every importer, producer, manufacturer, refiner and distributor is required to forward before the tenth day of each month a return showing the number of gallons sold in Saskatchewan and the persons to whom sold. Every dealer selling or delivering gasoline is required to keep a record of the stamps so sold and to make a return before the tenth day of each month of the amount of gasoline sold. It is the duty of the purchaser to see that he receives a receipt duly stamped on the purchase of gasoline.

Inspectors may be appointed under the regulations to see that the payment of the tax is made.

Contravention of the law renders one liable to penalties of from \$10 to \$200.

Considering New Route

Moving B.C. Coal To Montreal Via Panama Canal May Be Feasible

Ottawa.—The feasibility of moving British Columbia coal to Montreal by way of the Panama Canal is being investigated by the Canadian Government Merchant Marine. This statement was made by R. C. Henry, director of the bureau of economic Canadian National Railways, before the railways and shipping committee of the Senate.

Henry said: "I take upon myself to say that I believe the establishment of legations other than with Washington have not been authorized by Parliament or people of Canada. To that extent, if for no other reason, they are objectionable. I also think that such an establishment is premature; that we can get on as well without them by continuing the use of existing diplomatic machinery which Great Britain has placed at our disposal."

He believed at the earliest opportunity Canada should begin training judges for diplomatic service.

Hon. Raoul Dandurand, Government leader, said the address from the Throne had made mention of the appointment of ministers to Paris and Tokio. He had not discussed it at length because the question had not been raised and it really appeared to the Prime Minister.

He welcomed the approval of public men of the creation of a legation at Washington. This was the work of Mr. Meighen, he said, and was endorsed by Mr. Borden and completed by the present Government. Concerning the legation in the United States, both parties had approved it.

NEW LEGATIONS ARE CRITICIZED IN THE SENATE

Ottawa.—Canada's legations and diplomatic service were discussed in the Senate recently. Hon. J. S. McLennan drew the attention of the Senate to this service and asked of the Government the nature of appointment, the remuneration and what provision was made for training candidates for the diplomatic service.

Senator McLennan said that the confederation celebration last year made Ottawa a real capital. With the coming of a United States minister, Canada has assumed certain national responsibilities. He did not believe that a glorified commercial traveller was the highest form of representation needed by Canada in foreign countries. The appointment of a Canadian minister to Washington was another step in national responsibility.

He thought the appointments of last year did not come with any surprise as they had been discussed for some time. The selection of the United States to represent that country here was very satisfactory. The people of Canada were disposed to look upon Canada's adventure into foreign diplomacy as settled but he thought there should have been more preparation and knowledge given before sending envoys to Paris and Tokio.

Senator McLennan further observed: "I take upon myself to say that I believe the establishment of legations other than with Washington have not been authorized by Parliament or people of Canada. To that extent, if for no other reason, they are objectionable. I also think that such an establishment is premature; that we can get on as well without them by continuing the use of existing diplomatic machinery which Great Britain has placed at our disposal."

He believed at the earliest opportunity Canada should begin training judges for diplomatic service.

Hon. Raoul Dandurand, Government leader, said the address from the Throne had made mention of the appointment of ministers to Paris and Tokio. He had not discussed it at length because the question had not been raised and it really appeared to the Prime Minister.

He welcomed the approval of public men of the creation of a legation at Washington. This was the work of Mr. Meighen, he said, and was endorsed by Mr. Borden and completed by the present Government. Concerning the legation in the United States, both parties had approved it.

Farm Women To Convene

Saskatoon.—Part of the extension program at the University calls for a United Farm Women's week to be held at the University on June 12, 13 and 14. Dean Rutherford, Prof. Murray and Prof. Day will be in charge of the program.

Lord and Lady Willingdon are seriously thinking of establishing a vice-regal summer home on the Pacific Coast have been revived as a result of their visit again this year and their inspection of several homes described as suitable for such a purpose.

The feasibility of making Vancouver the vice-regal social capital of the Dominion during the summer months has been mentioned on several occasions, and while no pronouncement has ever been made by the Governor-General or Lady Willingdon, it is understood that they would not be averse to leaving the stately residence of Rideau Hall, Ottawa, for a few months during the year to enjoy the surroundings of Canada's far west.

The st. church of Russia before the revolution was Greek orthodox.

The large number of Asians

in this province and their im-

portant place in industry and trade

gave the matter greater significance here than in other parts of Canada.

Oriental Trade Is Problem At Coast

As Asiatics Occupy Important Places In B.C. Industries

Vancouver, B.C.—Should Oriental residents in British Columbia be allowed to vote?

The question is now agitating trade union circles here and at a recent meeting of the Vancouver and New Westminster Trades and Labor Council it was decided to leave the issue to the various locals, who will record their opinions on the subject and forward them to the national office.

Oriental advancement has been opposed by organized labor in this province for some years. The question has been revived by the action of the Canadian Labor Party in supporting equal voting privileges for Asiatics in this province and their im-

portant place in industry and trade

gave the matter greater significance here than in other parts of Canada.

Cost Of Harbor Survey

Palmer Received \$9,425 For Report On Nelson and Churchill

Ottawa.—Senator Dandurand, in reply to a question, stated in the Senate that the sum paid Frederick Palmer for his report on Nelson and Churchill Harbors, was \$9,425. He was selected as there was a controversy between Canadian engineers and public officials as to the relative merits of these harbors and it was deemed desirable to secure the opinion of an engineer of unquestioned authority who was not a party to the controversy.

Price Of Bread May Advance

Regina.—Bread prices are showing a tendency to rise as a result of the rising price of flour due in turn to the enhancement of wheat values. At Swift Current a one cent per loaf advance has been made.

Controls Wheat Shipments

George McIvor is only 33 years old but as general manager of the Canadian Co-operative Wheat Producers, Ltd., sales department, at Winnipeg, he is said to control the shipment of half of the Canadian wheat crop until it reaches the buyers in all parts of the world. He started out as a telephone messenger.

There is reason to expect that when the supplementary estimates come down, the Dominion Government will provide its share. This would ensure the warehouse because the other prospective contributors are ready to put up their share.

New Seed Grain Warehouse

Plan To Construct a Modern Plant At Moose Jaw

Ottawa.—There is every likelihood of a new seed grain warehouse being established at Moose Jaw at a cost of something over \$100,000. The present building is not suited to the purpose and a move is to be made to a new one. It is being sponsored by J. S. McIvor, Ross, M.P. for Moose Jaw, and backed by Hon. C. M. Hamilton, provincial minister of agriculture, who had a conference on the subject with Hon. W. R. Motherwell.

The plan is to construct a most modern plant, the Dominion Government, the province and the association operating the present warehouse, each contributing one-third of the cost.

There is reason to expect that when the supplementary estimates come down, the Dominion Government will provide its share. This would ensure the warehouse because the other prospective contributors are ready to put up their share.

B.C. Farmers Want Horses

Paying Higher Prices Than For Years Past Says Dealer

Kamloops, B.C.—British Columbia farmers haven't yet found a complete substitute for the horse and they are paying higher prices for the animals now than for years past, according to D. B. Johnstone, Kamloops horse dealer.

"Work horses that a year ago I would have sold for \$10 or \$15, were sold recently for as high as \$72, and good cows for the best at that, fetched as high as \$35," Johnstone said. Good draft horses are scarce in British Columbia and are being shipped as far east as Mon- tral.

NAT. ASSEMBLY LIBERAL WOMEN ELECT PRESIDENT

Ottawa.—Hon. Mary Ellen Smith, M.P., Vancouver, was unanimously chosen by the national assembly of Liberal women as their president.

In answering the applause which greeted her election, Hon. Mary Ellen Smith said:

"I thank you from the bottom of my heart."

She went on: "There was a feeling throughout the country that the women were being chloroformed. But we refused to react to the anesthetic. I did not want the presidency. But now that I have it and that have you set up the machinery to make this a real organization I am going to say unto you that machinery is in smooth running order, and I shall welcome criticism. From now on we women want to go on record as being constitutionalists."

Ninety hundred women met at the banquet which followed upon the close of official business of the assembly. The Hon. Mary Ellen Smith made her first appearance as president of the newly-formed National Federation of Liberal Women, and was received with cheers as she entered the hall.

The honorary president, Mrs. Norman Wilson, of Ottawa, announced the permanent officers of the new organization:

President, Hon. Mary Ellen Smith, M.L.A., Vancouver.

Honorary president, Mrs. Norman Wilson, Ottawa.

The honorary vice-presidents are:

Miss B. McKinlay, P.E.I.; Miss Carrimach, N.S.; Mrs. A. E. Smith, N.B.; Madame Belmore, Professor C. Derrick and Mrs. S. Jacobs.

Que.; Mrs. David Dunlop, Mrs. Arthur Hardy and Mrs. M. Poupore, Ont.; Mrs. Robert Forke, Man.; Mrs. J. G. Gardner, Sask.; and Mrs. Finlayson, B.C.

The vice-presidents are: Mrs. Riley, for Prince Edward Island; Mrs. Hanway, for Nova Scotia; Mrs. F. E. Holman, for New Brunswick; Mrs. P. Parada, for Quebec; Miss Florence Edwards, for Ontario; Mrs. W. G. Sanburn, for Manitoba; Mrs. Robert Marshall, for Alberta; and Mrs. Robert Henderson, for British Columbia.

The association will henceforth be known by the name "National Federation of Liberal Women of Canada."

The objects of the federation are defined as:

"To encourage the organization of Liberal women throughout Canada; to uphold the cause of Liberalism; to raise the status and advance the political education of women; to aid in securing and maintaining good government and to encourage a broad spirit of Canadian nationalism within the British Empire."

CHICAGO WATER DIVERSION FROM GREAT LAKES

Ottawa, Ont.—Hon. Charles Stewart, Minister of the interior, related to the House the course of correspondence with the United States Government on the Chicago water diversion from Lake Michigan.

"The Government of Canada," he declared, "has consistently refused to recognize the diversion in the slightest measure and will continue to present the Canadian viewpoint with all possible firmness to the United States against the principle of abstracting water from the Great Lakes to another watershed."

The correspondence tabled covers notes exchanged between the two governments since February 24, 1920, when Mr. Stewart tabled correspondence.

In his review Mr. Stewart mentioned a specific inquiry sent by the Canadian Government to the United States administration asking what progress had been attained by Chicago in the curtailment measures called for by the permit of the United States secretary of war. It is under this permit that diversion of water is now being made.

The United States replied that detail plans, it was expected, would be prepared during the ensuing year for the installation of control works at the intake to the sanitary canal; that progress made by Chicago in carrying out the required sewage treatment works was satisfactory; that installation of water meters would be expected, result in a reduction of domestic consumption in the near future.

From these statements, Mr. Stewart continued: "We would be warranted in assuming that the United States Government was satisfied that the progressive reduction which was anticipated on November 25, 1925, would be realized."

The United States suggested a discussion of the practical question of providing compensatory works.

The Canadian Government replied, Mr. Stewart went on, that "while recognizing the marked advantages which may be gained by the construction of suitable compensatory works, Canada would not be prepared to enter upon a discussion of any plans for the construction of such works if this course involved an assumption that the present abstraction through the Chicago sanitary canal is to continue."

Railway Plans Extended

Parliament Gives Companies More Time To Commence Construction

West

Ottawa.—Third reading was given in the House of Commons to a number of private bills.

These measures included:

A bill to incorporate the Highwood Western Railway Company with a capitalization of \$3,000,000, and with its head office at Calgary, Alberta. The proposed railway line will run from a point near the Calgary and Edmonton Railway in Townships 20 or 21, Range 1, Alberta, to a point near Sparrow, on the C.P.R. in British Columbia.

A bill extending for two years the time in which to commence the construction of the Calgary and Ferries Railway. The proposed line is to run from Calgary, Alberta, to Ferries, B.C.

A bill extending for two years the time in which the C.P.R. commence construction of the following branch lines:

(a) From Acrea, Alta., to a point in Township 33, Range 26 or 27, Alberta, a distance of 25 miles.

(b) From a point on the Rosemary north branch of the C.P.R. in Township 21, Range 15, to a point in Township 23, Range 18, Alberta.

A bill extending for two years the time in which to commence construction of the Manitoba and Northwest Railway from Telford, Sask., to Prince Albert, Sask.

To Discuss Peace Plan

Britain Will Confer With Dominions On Outlawing War

London.—The United States note to the powers inviting Britain to adhere to a multi-lateral treaty for the outlawry of war, is receiving most careful and sympathetic consideration at the Foreign Office, under secretary of state for foreign affairs, in the House of Commons.

The note, he added, will form the object of conversations between the British Government and the Dominions. The statement was made in answer to a question.

One of the largest families among this year's arrivals of immigrants over the Canadian National Railways was that of Hans Peter Petersen Potholm, of Denmark. Mr. Potholm has come to Canada with his wife and nine children and is settling near Melfort, Saskatchewan. He was met at Winnipeg by two sons who had preceded him and who were living in Manitoba.

"Crow" Must Do its Own Boosting

"American tourists are going to stream westward from Manitoba this year and from 50,000 to 100,000 should reach Calgary," according to Col. Webb, tourist and publicity representative of Manitoba.

"Many of these tourists," said Col. Webb. "Will go as far west as Calgary and then south to the States through the Crow's Nest Pass to Spokane. For some reason they know that route better than the road to Vancouver."

The above appeared in the Good Roads magazine, and what business men living in the Pass would like to see is a great deal more publicity given to this route through the Rockies. The Crow route possesses scenic beauties the equal of any in the Rockies, but they have never been lauded to the extent that they deserve, with the result that the trip through this pass is never thought of by many tourists and northern towns receive the greater part of the tourist business.

There is need for a united campaign for publicity to include all pass towns and those on the Red Trail as far east as Medicine Hat. Calgary uses every effort to route tourist traffic through that city and on to Banff while hardly a thought is given in their publicity campaigns to the picturesque route through the Crow's Nest Pass. It therefore means that the effort to divert tourist traffic this way must come from business men, through their boards of trade, and to accomplish anything effective a collective effort must be made.

This week is Empire Shopping week. Buy Canadian-made goods first. Help keep the wheels turning in your own country first. Nations have to keep their own resources in order to get ahead. One of their principal resources is the buying power of their own people. If that buying power is used to support goods manufactured elsewhere, it subtracts from the resources of Canada. Your first duty is to the local industries, secondly to Alberta and thirdly to Canada--Ex.

22nd Anniversary of
St. Paul's United ChurchRev. Robt. Pearson, B. D., of
Lethbridge, Will be Here for
the Occasion

During the week-end the congregation of St. Paul's United Church will celebrate the 22nd anniversary of the opening of the church. The history of the congregation goes back to the earliest days of the life of the community. Any honest estimate of the factors that have contributed to the well-being of the people during these 22 years, will allow that the pioneers, of whom a few are still here, built both wisely and well. Whatever may have been the state of the times the church has gone steadily on, witness for the truth that without the visible church might easily be forgotten. It has become one of the steadfast elements of the community life.

For the special anniversary services Rev. Robt. Pearson, B. D., of Wesley United Church, Lethbridge, will be preacher and lecturer. In public service as well as in the church, Mr. Pearson stands high in the life of the province. He should be heard by capacity crowds next Sunday and Monday. Mr. R. Bromley will sing at the Sunday evening service.

On Monday evening at eight o'clock, following the dinner to be served by the Ladies Aid, Mr. Pearson will give a popular lecture on "The Uses of Humor." The admission to this lecture will be free.

This week the interior of the church is in the hands of Mr. C. Graham for re-decoration. This will no doubt add to the interest and pleasure of the occasion. Old friends of the congregation as well as the general public are cordially invited to attend all these gatherings. The senior C. G. I. T. will be responsible for the floral decorations.

The warm weather is rapidly thawing the snow in the upper regions, and creeks and rivers are swiftly running.

Communication

Coleman, Alberta.
April 19, 1928.

To the Editor

The Coleman Journal.

Dear Sir:

The Calgary Herald, and several Vancouver papers have given printed accounts of the government's action in regard to withholding licences of the International Bible Students Association broadcasting stations in Canada.

I am writing you to ask you would you kindly take the matter up in The Coleman Journal and use your best influence on behalf of justice and freedom of speech. No reason has been given by the government for the position they have taken in this matter, and why should the I. B. S. A. be barred more than any other?

The I. B. S. A. have been broadcasting for several years now. If the government takes exception to their broadcasting, why not give the reasons and let the public have a chance to see all sides of the question.

Sincerely
Mrs Alma E. Groat,
West Coleman

St. Alban's Church

A meeting of the rural deacons of Macleod was held at Macleod on Tuesday, April 17 at 2.30 p.m., the following being present: Rev. W. R. Haynes of the Peigan Reserve, Rev. V. S. Lord of St. Cyprian's School, Peigan Reserve, Rev. F. R. Powell of Macleod, Rev. N. Blunt of Pincher Creek and the rural dean, Rev. A. D. Currie.

During the session the following subjects were discussed: The appeal that is to be made throughout the diocese from October 7 to \$40,000, of which appeal J. H. Menzies, superintendent of the Royal Bank, is head.

Diocesan Commission: This commission has been set up to go into the matter of the division of the present parishes and deaneries, particularly where a parish consists of town and country district. The assessment and Diocesan Gazette were also matters that were taken

COMPARISON will convince you that no other car at any price in the fine six field equals McLaughlin-Buick in value.

The G. M. A. C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

Because of its leadership in sales in the fine six field and because of its association with the McLaughlin-Buick organization, McLaughlin-Buick is the better car at a lower cost. And, in accord with the McLaughlin-Buick policy, McLaughlin-Buick turns out cars at lower cost and in greater values for the motor-car buyer.

LESSON No. 18

Question: Why is emulsified cod-liver oil so useful for a child who is pale and losing weight?

Answer: It is food and tonic rich in vitamins and other nourishing factors that are particularly helpful to a weakened child.

For your child—old reliable

SCOTT'S EMULSION

WORLD HAPPENINGS
BRIEFLY TOLD

Montagu Norman, distinguished Briton, has been re-elected by the governors of the Bank of England by the stockholders. He became governor of the Bank in 1920.

The first commercial shipment by air to Toronto arrived at the Leaside airport. It consists of a number of models of fashionable dresses, ordered for a department store.

The British post office is experimenting with a process by which telegrams may be sent like pictures and reach the persons to whom they are addressed in facsimile of the handwriting of the sender.

Third reading has been given in the House to a bill amending the Dominion Ladas Act. The measure extends second homesteading privileges to certain classes of settlers in Western Canada.

Fifty miles or more than half the steel has been laid on the branch line of the Hudson Bay Railway to Yinn Flon. Thirteen hundred men are engaged in building the line, and the work is well ahead of schedule.

Spurred on by the successful flight of the German aeroplane Bremen, Stephan Dubala and Alexander Kruze, widely known Hungarian pilots, have announced their intention of attempting a flight from Budapest to New York in June.

Confident that the Italia is able to withstand the rigors of an Arctic flight, General Umberto Nobile, commander of the Italian polar expedition, announced that no trial flights were planned for the dirigible before its start for King's Bay, Spitzbergen, its Northern base.

How Much Water
Should Baby Get?
A Famous Authority's Rule

By Ruth Brittain

Baby specialists agree nowadays, that a nursing mother should give her baby more than one ounce per pound of body weight daily. An eight pound baby, for instance, needs eight ounces of milk. The rule on the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast fed baby is more difficult to determine, but before and after feeding for the whole day; and it is easily calculated for the bottle fed one. Then make up any difference in the amount given.

Giving baby sufficient water often relieves her feverish, crying, upset and restless spells. If she is given her water in a bottle, she will drink it. For these and other fits of babies and children such as colic, cholera, diarrhea, gas on the stomach, and bowel movements, a stomach enema, sleep, underweight, etc., leading physicians say there's nothing so effective. It is surely vegetable oil. It is on the market in Canada. Millions of mothers have depended on it in over thirty years of ever increasing use. It regulates baby's bowels, makes him sleep well, and gives him the full nourishment from his food, so he increases in weight as he grows. It is also good for the interest there is in golf, especially among the younger farmers.

"I've got some hints here that will interest all of you," the adve-

Small Town Papers

BY
FRANK PARKER STOCKBRIDGE
Reprinted by special permission from *Small Town Papers*, by the Curtis Publishing Company, Philadelphia.

Her Secret Beautifier

(Continued.)
The Independent-Reporter of Sheogowin, Maine, has more than 4,500 subscribers, an advertising revenue of some \$21,000 last year, and half as much besides from subscriptions. The paper has never changed places with the editor of any daily paper in the country.

Those figures of income surprised me.

"They are unusually high," said the vice-president of one of the national country-paper organizations.

"Higher than the average, but I could give you a hundred examples of country weeklies which have come

into their own.

"CARTER'S LITTLE LIVER PILLS
all dry-grog 25c & 75c red pills

surpassing any in the country. We have been trying to find out which weekly carried the largest volume of advertising for the past year. The figures we have got so far are from the Times-Record of Spencer, West Virginia, which runs 1,325,000 copies a year. Their rate is 50 cents for a circulation of above 5,000, only 32 cents an inch, but that gives them an advertising revenue of more than \$22,000. I could name nine country weeklies offhand which regularly carry from 40,000 to 60,000 inches of advertising annually, at rates from 30 to 50 cents an inch.

"Maybe you'll believe me now," suggested Bert Mills. "I was ready to believe anything, but I was curious about all this advertising coming from.

"Perhaps 5 per cent of it is national advertising—foreign business, for instance, or the advertising of an agency which serves some 9,000 country weeklies. That is the first it is located advertising, the local classifieds, the personals. Eighty-five per cent of the foreign business is of commodities which are handled by local merchandisers who know the local advertising. And the foreign advertiser pays as high a rate as the local merchant in his market.

"You can buy space in daily newspapers at a great variety of rates," said Mills, "but the amount of space depends upon the amount of advertising the paper has. The more it has, the more it can charge for a given space, and other considerations.

The tendency in the country press is to have a flat rate for everybody, but the newspaper large the advertisement or how often it runs.

That is one of the things our state and national editorial associations have been educating our members to."

"There has been a great effort on the part of the newspaper men to make more room for local merchants too," I suggested, referring to old Otto Muncaster's six barrels of lime.

"That's course," replied the Oklahoman, "but how the small-town business men have learned that lesson! Never heard of Bob?"

"Bob" is the name of an Oklahoma town which had 900 population the last time they took the census; but Bob does \$20,000,000 a year in business, and the newspaper large the country weeklies around his part of the state.

"What has happened in this country since the war is that business everywhere is done in the same way and in the same commodities," he went. "There is no longer any great difference between the hardware and the country markets except in the volume of business done in a given year. The country weeklies are of degree, not of kind. Commercial folk buy the same things city folk buy; the same merchants, the same streets or Fifth Avenue. And the country newspaper presents the story of the country merchant to its readers in the same way the city papers do.

"We are publishing country news papers are but publications of a new nation of business," he said, "a drawing together of all the people until there is no longer any sharp distinction in appearance, dress, manner, speech, or mode of thought between the people who live in the small towns and on the farms and the people who live in the big cities."

"Yeah, the job the job will roll their stockings out on the farm now just as they do in town," drawled an editor from Winnipeg.

"I've got a girl from the East who has been running sixty-five years or more. We used to carry advertising from the country weeklies with a copy of reading half page, and the general stores. Here's a copy of my latest issue; look it over."

"This year again the Kerr-Bryant

Tour will operate from Toronto to the Pacific Coast, leaving Toronto on July 4, and returning July 26, after visiting the cities of Western Canada, the National Parks, and making the steamship journey between Vancouver and Prince Rupert. An extension of this will take part of the party to Alaska. There will also be a Toronto to Yellowstone Park with a roundabout journey which touches both Canadian and American points of interest.

Montreal and Toronto there

will be operated the Adams Across-Canada tour which will take from July 12 to August 4, the party visiting all points of interest on the journey across Canada and returning via the Great Lakes route.

Agents of the Canadian National System report heavy bookings for these tours, already being received.

We don't blame some man for refusing to take their own advice.

Personal and Local

Bellevue has raised \$221.50 for the George Lieberall fund.

W. J. Bartlett, proprietor of the Blairmore Enterprise, returned a few days ago from a visit to his old home in Newfoundland.

Joy Ferguson, ten years of age, was operated on for appendicitis on Monday at the hospital, and is making good progress.

With the arrival of spring, the tennis courts are being made good use of, and players are contemplating the very enjoyable season.

Mr. R. Harper, manager of Remington Typewriters, Ltd., Calgary, was a visitor in town on Friday last.

A masquerade dance is to be held in the Knights of Pythias hall at Corbin, B.C. on Monday next, for which tickets have been issued.

Miss Sherring, secretary of the Red Cross Society at Frank, was a visitor in Coleman on Saturday, and has recently returned from a few days visit at Vancouver.

F. B. Van Duzee, who has been visiting at the home of Mr. and Mrs. Geo. Hope following an operation in Calgary general hospital, left last week to visit for awhile with a brother at Carsairs, Alberta.

The Rev. W. Simpson, western secretary of the General Board of Religious Education, during his stay here over the week-end was the guest of the Rev. A. D. and Mrs. Currie.

Coleman Lodge No. 36, I.O.O.F. is celebrating its 20th anniversary on Friday evening in the lodge room. A banquet will be served at 6 o'clock, to be followed by a social evening. Visiting Oddfellows and Rehekahs are asked to accept this invitation.

Martin Bonten, who for a number of years worked in the mines here, left on Saturday night for Liege, Belgium, travelling via Montreal, where he embarked on the Cunard liner *Aurania* for London, proceeding from there to Antwerp. His health being impaired, he has been unable to follow his regular employment, and the Miners Union assisted him to return to his native country. He is a little over 60 years of age, and it is over 20 years since he left Belgium.

Harvey's Red Tie Boys Coming

"The Canadian Band with the American Rhythm" favorite dance orchestra which made a visit here last year will again be here in the K. of P. hall on Thursday May 3. Dancing 9 till 2. Gents \$1.00, ladies 50¢

Canadian Legion Smoker

The local branch of the Legion will hold a smoking concert in their club here on Friday evening, at which several well known local singers will contribute to the program, besides several from nearby towns.
